

SKILL 12

Steps to success

- Partition your first number
- Partition your second number and write in the same place value columns below
- Add all the columns
- Total the answers row to find the answer

How do we use a written method to add numbers?

To be able to add two digit and three digit numbers using an expanded column method.

$$\begin{array}{r} 34 + 23 = \\ 30 \quad 4 \\ 20 \quad 3 \\ \hline 50 \quad 7 = 57 \\ \hline \end{array}$$
