

Skill 13

How do I multiply using a written method?

I can multiply using compact method.

Steps to success

- Set out the calculation as you can see
On the right.
- Multiply the smallest unit first, if the answer
Is over ten of that unit, then it will move to
underneath the next column as in addition.
- Repeat by multiplying the next digit.
- Don't forget to add all of the numbers in each
column.

$$\begin{array}{r} 38 \\ \times 7 \\ \hline 266 \\ \hline 5 \end{array}$$
