Accelerated Reading at home

Some children in KS2 use a software program called Renaissance Place at school. This program has a special feature called Renaissance Home Connect, which you can access outside of school from any computer with an Internet connection. Renaissance Home Connect is fun and easy to use. It allows the teacher, you and your child to share information about their progress in Accelerated Reader.

This address allows children to take quizzes on books they have read at home.

You can also log in to Renaissance Home Connect from any computer with an Internet connection and compatible browser. For a list of compatible browsers, type the following URL in any browser:
